PUBLIC NOTICE

File No: DGCA-31013/1/2025-DRONE-Dte Dated: 29th May 2025

Subject: "Mandatory Public Disclosure" by Remote Pilot Training Organizations regarding scope of authorization

Remote pilot training organizations (RPTOs) and Train the Trainer organizations (TTTs) are authorized by DGCA, upon satisfactory compliance of Drone Rules 2021. Further, the applicants are issued with authorization certificates clearly indicating the details regarding authorization number, scope, validity, addresses (organization, base of operations, flying ground), UAS, Simulator etc. Organizations, so authorized, are required to display the authorization certificate in their RPTO, as per the provisions of Drone Training Circular 01 of 2022 for public disclosure.

2. However, it has been brought to the notice of this office that candidates intending to become Remote pilot/ remote pilot instructors often get misleading information about RPTOs and TTTs authorized by DGCA, their scope of approval, address, infrastructure etc, on various website/social media platforms.

3. Therefore, in order to bring transparency and ease of access to essential information to all the stakeholders of the drone ecosystem, it has been decided that Remote Pilot Training Organizations (RPTOs) and Train the Trainer organizations (TTTs) shall display essential information (as per Annexure-A) on their website/ social media platform (as applicable) as a "**Mandatory Public Disclosure**", for each of their bases separately.

(Director General of Civil Aviation)
